APVISORY COMMITTEE OF THE DEMOCRATIC NATIONAL COMMITTEE OF THE DEMOCRATIC NATIONAL COMMITTEE FOR THE DISTRICT OF CO.UMBIA.

NO. 1213 F STREET NORTHWEST.

Friends of democracy and citizens who desire the election of the democratic candidates for the presidency and vice presidency of the republic.—We have entered on the last month of the campaign. Permit the undersigned to remind you, each and all, that while many have generously responded in support of the democratic cause, there are multitudes who undoubtedly desire its triumph and would hall such triumph as a boon to all classes of the people, but who have as yet rendered no aid toward its accomplishment. It is believed that a little reflection will convince all such persons that a presidential campaign cannot be carried on without involving a legitimate and heavy burden of expense and that it is only just that this burden should be borne, not by a single class, but by all the friends and well-wishers of our cause.

Contributions will be received by the treasurer, J. Harrison Johns m, at the rooms of the advisory committee, No. 1213 F st. n. w., second floor, or remittances may be made to him by mail, if preferred, addressed to Lock Box 288.

IMPORTANT FACTS TERSELY TOLD. In the "Home Comfort" we have the best \$2.75 Gas Heating Stove in the city.
It is larger and wider than the usual \$2.75 Gas Stoves and is fitted with a nickeled footrail instead of the common tin plate found on all ordinary \$2.75 stoves.

This is a little beauty, and throws out a tremendous amount of heat for its size. If \$2.75 is the price you wish to pay for a gas stove you should most assuredly buy the "Home Comfort."

Hundreds evidently read our talk on the dollar saw. Hadn't an idea so many people peeded saws. It is just as we stated—the best dollar saw that ever crossed a hardware counter. We will rive a new one for every one returned the leastwise defective or unsatisfactory. It will require about a fourth as much more coal to heat your house without weather strips as with them. You save their price a hundred-fold. Fell strips are best. They will last an ordinary house's lifetime. Let us estimate on Felt-stripping your

ENVELOPED IN FOG.

8 Nothing Can Be Seen From the New York Docks.

NEW YORK, Nov. 3.-When the fog which settled down in heavy banks over the city and vicinity last night lifts it is feared that it will unfold a story of disaster and possibly loss of life on the rivers and bays, for reports of collisions are already beginning to come in, and the ferry are out patrolling the waters of both

the North and East rivers.

Already the news of one collision in which tugboat and a scow were both sunk and several boatmen narrowly escaped with their lives has

been reported.

At 8 this morning fog was very dense and from the docks along shore nothing could be seen beyond a few rods on the river. It was smoky fog, but with the shifting of the wind an hour later gave indications of lifting.

Outside of the Staten Island ferry boats the different ferries running boats to Jersey City and Brooklyn made no effort to run on scheduled time. The Wall street, South Ferry, Liberty, Courtlandt, Barclay and West Shore ferries were from ten minutes to half an hour behind time.

While there were many narrow escapes on these ferries no collisions have as yet be Shipping in the North and East rivers and in

There are good grounds to suppose that a collision occurred somewhere in the upper bay last night, and at least one vessel is believed to have been either sunk or damaged. Michael Bannon and Joseph O'Neill, Battery boatmen, passed a lot of wreckage at 10 o'clock last night south of Liberty Island. The wreckage looked as if it might have been the deck of a small steamer or line.
